

WELDING EQUIPMENT SAFETY AND OPERATION

Description

Do you have welding equipment in your town that no one knows how to use? Our instructor will come to your department to provide your staff with guidance on how to safely and properly operate your welding equipment.

Topics covered will include:

- Basic welding safety
- How to properly operate the equipment you own
- Provide hands on practice making basic welding repairs

Target Audience

Any towns who have welding equipment and either want a refresher or want to have new staff learn how to use the equipment to make basic repairs.

Instructor

Kyle Bostrom

Kyle is a 17 year resident of Greenfield, Massachusetts where he and his family reside and farm crops and dairy. He has been an instructor of industrial technology and agricultural mechanics for 12 years. His teaching philosophy is a hands-on application of theory and practice via real project based learning with safety in the forefront. A 2015 graduate of Bay Path University with a masters in Entrepreneurship and Innovation.

This event is accessible to people with disabilities and individuals with limited English proficiency. If you need a reasonable accommodation (such as American Sign Language Interpreters, assistive listening devices, handouts in alternate formats, etc.) and/or language assistance (such as translated documents or an interpreter) to fully participate, please contact Cindy Schaedig at 413-588-4549 or cschaedig@ecs.umass.edu at least 14 days prior to the event. Such services are provided free of charge

This Baystate Roads (LTAP) workshop is a cooperative effort of the Federal Highway Administration, the Massachusetts Department of Transportation and the University of Massachusetts Transportation Center.

UMass Transportation Center, 214 Marston Hall, Amherst, MA 01003
Phone: (413) 545-2604 • Fax: (413) 545-9569
