

The Marijuana Transporter

WAC 314-55-085 Regulates transportation of Marijuana

- ◆ Many of the regulations that you will hear about today do not correspond with a ticket or a fine. They are still violations that need to be reported to the Liquor and Cannabis Board. These violations have serious impacts on the transporters business license.
- ◆ The CFR's are very clear about transporting in the cab of the truck or in violation of impairment while driving.

(1) Notification of shipment. Upon transporting any marijuana or marijuana product, a producer, processor, retailer, or certified third-party testing lab shall notify the WSLCB of the type and amount and/or weight of marijuana and/or marijuana products being transported, the name of transporter, information about the transporting vehicle, times of departure and expected delivery. This information must be reported in the traceability system described in WAC [314-55-083](#)(4).

(2) **Receipt of shipment.** Upon receiving the shipment, the licensee or certified third-party lab receiving the product shall report the amount and/or weight of marijuana and/or marijuana products received in the traceability system.

(3) **Transportation manifest.** A complete printed transport manifest on a form provided by the WSLCB containing all information required by the WSLCB must be kept with the product at all times.

A close-up photograph of a white metal structure, likely part of a vehicle or container, showing several silver rivets along a vertical edge and a horizontal base. A red label is affixed to the white surface, displaying the text "GVW 24,000" and "USDOT 2544205" in bold, black, sans-serif font. The background is dark, and the lighting is bright, highlighting the metallic texture and the label.

GVW 24,000
USDOT 2544205

Transportation of product

- ◆ **(5) Transportation of product.** Marijuana or marijuana products that are being transported must meet the following requirements:
 - ◆ (a) Only the marijuana licensee, an employee of the licensee, a transportation licensee, or a certified testing lab may transport product and/or occupy a transporting vehicle;
 - ◆ (b) Drivers and/or occupants of a transporting vehicle must be twenty-one years of age or older;

Transportation of product

- ◆ (c) Marijuana or marijuana products must be in a sealed package or container approved by the WSLCB pursuant to WAC [314-55-105](#);
- ◆ (d) Sealed packages or containers cannot be opened during transport;
- ◆ (e) Marijuana or marijuana products must be in a locked, safe and secure storage compartment that is secured to the inside body/compartment of the vehicle transporting the marijuana or marijuana products;

Transportation of product

- ◆ (f) Any vehicle transporting marijuana or marijuana products must travel directly from the shipping licensee to the receiving licensee and must not make any unnecessary stops in between except to other facilities receiving product;
- ◆ (g) Live plants may be transported in a fully enclosed, windowless locked trailer, or in a secured area within the inside body/compartment of a van or box truck. A secured area is defined as an area where solid or locking metal partitions, cages, or high strength shatterproof acrylic can be used to create a secure compartment in the fully enclosed van or box truck. The secure compartment in the fully enclosed van or box truck must be free of windows. Live plants may not be transported in the bed of a pickup truck, a sports utility vehicle, or passenger car.

(6) For purposes of this chapter, any vehicle assigned for the purposes of transporting marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products shall be considered an extension of the licensed premises. Transport vehicles are subject to inspection by enforcement officers of the WSLCB. Vehicles assigned for transportation may be stopped and inspected by a WSLCB enforcement officer at any licensed location, or while en route during transportation.

(7) All marijuana plants, clones, seeds, lots, batches, intermediate products, end products, vendor samples, and sample jars must remain physically tagged during transport.

Driver's and Occupants

Only the driver assigned to deliver the load may be driving the vehicle. This is another violation we cannot enforce but the LCB can. Please make sure we are calling them if we stop a vehicle transporting marijuana.

ID badge

WAC 314-55-083

(1) **Display of identification badge.** All licensees and employees on the licensed premises shall be required to hold and properly display an identification badge issued by the licensed employer at all times while on the licensed premises and engaged in the transportation of marijuana. The identification badge must list the licensee's trade name and include the person's full and legal name and photograph. All licensees and employees must have their state issued identification available to verify the information on their badge is correct.

The Marijuana industry is highly regulated and controlled

CFR

- ◆ § 392.4 **Drugs and other substances.**
- ◆ (a) No driver shall be on duty and possess, be under the influence of, or use, any of the following drugs or other substances:
 - ◆ (1) Any 21 CFR 1308.11 *Schedule I* substance;

CFR

- ◆ Code of Federal Regulations 484
- ◆ (4) Any other substance, to a degree which renders the driver incapable of safely operating a motor vehicle.
- ◆ (b) No motor carrier shall require or permit a driver to violate paragraph (a) of this section.

CFR

- ◆ (c) Paragraphs (a) (2), (3), and (4) do not apply to the possession or use of a substance administered to a driver by or under the instructions of a licensed medical practitioner, as defined in [§ 382.107](#) of this subchapter, who has advised the driver that the substance will not affect the driver's ability to safely operate a motor vehicle.

In Conclusion

- ◆ If you have any questions during the course of your contact don't hesitate to call an agent with any questions.
